Subject: Fw: Dimock Site Area for consideration

Karen,

I thought you might want to have some input into this too. So here's my message to ATSDR. Let me know your thoughts.

Subject: Dimock Site Area for consideration

Bob/Lora,

We are working on getting some sense of how the site area would be defined (at least initially). Particularly, should EPA decide to sample residents.

Attached is a Google Earth representation of the affected area cited in the COA with PADEP. This looks like a good basis to start. It might need to be adjusted to include some roads, but I am not sure about that. Please provide me with ATSDR's thoughts about this.

thanks.

Rich
